

## The Government Completes its "Revolutionary" Project by Handing Over the Security of the Country to Britain

(Translated)

The government in Tunisia is still firmly proceeding in the path of handing over Tunisia, and whoever and whatever it contains, for the service of the covetous countries in our country. The rulers of Tunisia having handed over the country's economy to the International Monetary Fund and having handed over the gas and oil fields to the British companies, the most important being Mescar (which is considered one of the largest Gas fields in Africa). Moreover, after they handed over the government's leadership to the British Embassy to formulate its administrative structure and "train" the heads of interests on the strategy laid down by Britain for the next five years for the development of visions of public policies. After they handed over all that, here they are today handing over the country's security: its strategies, legislation, funding, and implementation, to Britain with the help of the European Union. This was not a secret deal behind closed doors as in the past, rather it occurred publicly in the presence of the media at the headquarters of the ministries of "sovereignty" and agreements signed by government "revolutionary" ministers. On the fifth of November 2015 the British ambassador Hamish Cowell (with the presence of the Minister of the Interior Najim Algarsli) announced the launch of the activity of the strategic planning units of the Tunisian Ministry of Interior, its program written by Britain under the name of "Capacity Program On Strategic Planning". The declared purpose of this agreement is intelligence and field coordination (if necessary) with Europe, led by Britain. On 05/11/2015, the same day, the European Union announced to grant Tunisia 23 million Euros to finance. "The support of reform and modernization of the security sector program"; so Najim Algarsli, the Interior Minister signed the financing agreement with Laura Baeza Ambassador of the European Union. The European ambassador said that the aim of this funding is "the application of security sector reform through the development of a doctrine that commensurate with the democratic values ..." calling it "a great challenge".

What is left for Tunisia and its people? Tunisia was handed over to be run by Britain in the open after it was (during the time of Bourguiba and Ben Ali) run from behind a curtain.

### **O Muslims in the Country of Zaytouna:**

The rulers of Tunisia today have handed over the country to Britain through agreements as it was handed over by Beys to France in the past, through the Protection Convention in the year 1881. Britain, which managed the change of the political situation in the country, to ensure its interests in order for Tunisia to remain under its control, found that the government's weakness became visible, and that the people of Tunisia lost confidence in most of the politicians. So Britain resorted to appear publicly to link Tunisia to restrictive agreements whatever the change in governments, faces, and titles, and these agreements:

\* Make Britain the actual leader of Tunisia, while our rulers are mere staff under them who carry out what they are commanded; changing them or their downfall will not bring them damage.

\* Make Britain, along with the European Union formulate the security doctrine of our security services. As if they are British or European security forces, not interested in maintaining security, only keeping the interests of British and European companies.

\* Rendering the security agencies in the service of capitalism (democracy) not in the service of the rulers, which upcoming events promise a revolution against them once again and changing them, and then the fall or change of rulers will be irrelevant for the security services, because the mission entrusted to them is protection of the system and service of the "Republic" made by Britain and Europe according to its criteria.

\* The doctrine that they want to plant is to achieve "stability," but that only means silencing the voices of the revolutionaries demanding their rights, (were not the British and the European Union ambassadors perturbed when our young people came out to demand their right to their wealth (in the campaign "Where is the oil?")?)

\* Make the British and international companies plunder the country in "safety and security" in the hands of the people of Tunisia who will be turned by these agreements (IMF loans and grants European Union poisoned, and the law of partnership between the public sector and the private sector and Quintet plan...) into cheap labor that suffer night and day for the enjoyment of the colonizer and his companies.

### **O Muslims:**

The fact that Britain is controlling Tunisia is clear before you even though the rulers and politicians scream out that their friendship with the Western countries is in the interest of the country, claiming that Tunisia needs the West. But the truth is that the West needs Tunisia to steal its wealth and make it its bridge and gateway to dominate the region, and its companies are in need of Tunisia to provide its cheap labor. The West is in need of Tunisia's parliament to grant its tax concessions so that Tunisia become their "tax heaven", and the fact that those need of the West are only a handful of rulers, politicians, and opportunists – who are shameless - and separated from the Ummah, in order to remain in power, even against the interests of all the people, and for the protection of the interests of Britain and Europe.

### **O Muslims:**

How can the Kaffir colonizers be in our support when Allah (swt) says:

﴿كَيْفَ وَإِنْ يَظْهَرُوا عَلَيْكُمْ لَا يَرْقُبُوا فِيكُمْ إِلَّا وَلَا ذِمَّةً يُرْضُونَكُمْ بِأَفْوَاهِهِمْ وَتَأْبَىٰ قُلُوبُهُمْ وَأَكْثَرُهُمْ فَاسِقُونَ﴾

**“How [can there be a treaty] while, if they gain dominance over you, they do not observe concerning you any pact of kinship or covenant of protection? They satisfy you with their mouths, but their hearts refuse [compliance], and most of them are defiantly disobedient.”** [At-Tawba: 8]

How can Britain, one of our most hostile enemies be in our aid? Does any sane person believe that it wants the best for the Tunisia and its people? Wasn't Britain the one who waged war on the Muslim countries? Wasn't Britain the one who destroyed the Islamic State of the Muslims (the Ottoman State, despite its situation) in 1924? Isn't Britain responsible for tearing apart the body of the Islamic Ummah to weak statelets? Isn't it Britain that killed our people in Palestine and displaced thousands and even millions of them to plant the criminal Jewish entity that continues to kill Muslim women, children and the elderly today? Didn't Britain join America in the war on our Iraq and our Yemen and our Ash-Sham and many more? Britain is planning and seeking to this day to fight Islam and Muslims. The British former Prime Minister Tony Blair called on Europe to leave its differences with Russia over Ukraine and to direct their energies towards the Muslim countries to prevent them from establishing the Khilafah. And the Minister of the Interior Charles Clarke in a speech to counter "terrorism" at the Heritage Foundation in 2005 clearly stated that the war on terror is only a war against Islam and on the aspirations of millions of Muslims in the world.

And Clarke added: "... there will be no negotiations on the establishment of the Khilafah, and there will be no negotiations to impose Sharia law." This confirms Britain's real war on the Islamic political system i.e. the Khilafah, under the name the "fight against terrorism". And it reflects the historical hatred of British towards the Muslims who want to live their lives according to Islamic law and governance.

### **O Muslims, O Security Forces**

One who embraces Britain is like the one who embraces the snake that does not come close to you but to bite you. The Exalted Almighty says,

﴿إِنْ يَتَّقَوْكُمْ يُكُونُوا لَكُمْ أَعْدَاءً وَيَسْطُوا إِلَيْكُمْ أَيْدِيَهُمْ وَأَلْسِنَتَهُم بِالسُّوءِ وَوَدُّوا لَوْ تَكْفُرُونَ﴾

**“If they gain dominance over you, they would be to you as enemies and extend against you their hands and their tongues with evil, and they wish you would disbelieve.”**  
[Al-Mumtahina: 2]

We call upon the religion and Iman in you, we call on those honorable and truthful in the security forces and our proud military:

Do you accept that the rulers surrender you in the hands of your enemies and the enemies of your Ummah? Do you accept that you become soldiers in the service of the enemy of your religion and your country and your people?

Did you not give a solemn oath that you will be the protectors of your country and your people, will you stand today with their enemies against them? The Prophet (saw) said, «لا يلدغ» «المؤمن من جحر واحد مرتين» **“A Believer is not bitten from the same hole twice”**.

We in Tunisia have not been bitten from the same hole twice, but over and over again as a result of the alliance with Britain and Europe, which openly express their hostility to Islam and Muslims! Is not it a shame that your blood is being shed for the sake enabling Europe, led by Britain to impose its control on you and split your country and make you its soldiers who will stand in the face of your brothers if they want to apply the Shariah of Allah, which guarantees their rights in the world and triumph in the Afterlife?

Are not you from the people of this country? Are you not Muslims? Are you not the powerful of us?

Allah (swt) severely forbade the political or military cooperation with the colonial power, and the duty on you, rather than succumb to their training, is to:

\* Close their intelligence offices.

\* And that you throw them and their clients out from the country, they are the people who have the ability and are capable to do this.

And know that the only way to remove the dominance of colonial Britain over the Muslims is through the establishment of the Deen as a state and a system of ruling. It is stated in the *Athar (Life of the Companions)* that the Throne of Ar-Rahman (swt) shook at the death of Sa'ad bin Muaz may Allah be pleased with him, he gave the support with the strength of his weapon and his men for the establishment of the Islamic state in Medina. It is your chance to grab this opportunity, the time has turned around just like the day that Sa'ad gave the victory to the Messenger of Allah (saw), and it is your real chance to give your support to Hizb ut Tahrir so that together with you we can establish the second righteous Khilafah. Only then we will be able to unite the Ummah under one man against the enemies, the Americans and the British and their associates. Only then will we be able to lead the world and carry for it the message of Islam as guidance and light.

﴿وَاللَّهُ غَالِبٌ عَلَىٰ أَمْرِهِ وَلَكِنَّ أَكْثَرَ النَّاسِ لَا يَعْلَمُونَ﴾

**“And Allah is predominant over His affair, but most of the people do not know.”**
